**LOCAL ACCESS CHANNEL**

As of the printing of this newsletter, the local access channel on the television is now on channel 191 if you receive cable.

**REMINDER:** The annual Medicare Open Enrollment deadline is December 7, 2015.

**FLU SHOTS:** Have you had your flu shot yet? It is a good idea for everyone to get one soon, before the flu season is upon us. Flu shots are available at a number of pharmacies and other venues. Why not get one now? Be prepared. **If you have symptoms of the flu or cold, we ask that you be considerate of others and not come to the Sr. Center until your symptoms have dissipated.**

**WE KNOW IT'S COMING.....**

Like it or not, winter is on our doorstep. The time to take safety measures is before the storms arrive. Think safety first. Have you checked the batteries in your smoke detectors and fire alarms and other safety alarms? Do it now. How about your flashlight batteries, too? Have you placed Oakham's pamphlet for emergencies near your telephone? These were sent to every home 2 or 3 years ago. Procedures are still the same. Have you placed your name on the wellness check-list (especially if you live alone) for the Council on Aging and the Police and Fire Departments to help out when necessary? Have you made arrangements to clear walkways and driveways to lesson the risk of falling outdoors? Have you cleared your walkways in your home? Many

seniors have reported falling in their homes over the past few months. Several of these falls could have been prevented. Please exercise great care. Falls can be quite detrimental and can lead to other complications. Do you have at least a three-day supply of nonperishable food items and bottles of drinking water on hand in case power goes out and traveling is dangerous? Keep enough medications on hand so you do not run out during emergencies.

### **CENTER CLOSING-**
